BASTION HLS BACKGROUND

"Attitude is a little thing that makes a big difference." Winston Churchill
BASTION HLS Ltd we make your mission, our mission. We work tirelessly to build the armored / special task vehicles and a variety of other defense and security related solutions, that you need to meet your specific objectives and to make your vision a reality. BASTION HLS Ltd. Our approach to business at BASTION HLS, our attitude in life, is to provide our customers with customized defense and security solutions of the highest quality. It is the way we work. It is what we do. We alter, assemble, reinforce and technologically enhance armored and special task vehicles used by soldiers on military assignments or for cash in transit (CIT = the safe transfer of money and valuable assets). We modify specialized air conditioning systems to keep vehicles properly cooled for their human occupants, cargo and tasks. We build and configure stationary and portable safe rooms that simultaneously maximize protective capabilities, utility and comfort. We sell tactical gear, weapon accessories and help our customers maintain their weapons and systems.

We do all this, and much more for governments, businesses, institutions and individuals, who will put such projects only in the hands of a firm such as BASTION HLS Ltd, possessing the experience, expertise, creativity and proven ability to formulate novel, tailor made solutions. Founded in 2005 and led by the accomplished Lt. Col. (Ret.), Eyal Avidov, BASTION HLS Ltd., has been the firm of choice for many clients in Israel, Eastern Europe, Africa and around the globe. These include militaries, defense ministries, homeland security and law enforcement agencies, diplomatic and other government offices, large military equipment and defense system suppliers, money transfer firms and private VIP's in need of armored vehicles, command and control vehicles, special task vehicles, tactical equipment, specialized cooling systems, urban or military mobile buildings, weapon accessories and much more. Our fiercely loyal customers choose BASTION HLS Ltd, time and again, because they know that their demands will be met; that they will receive the very best solution, precisely customized to their specific requirements; that they will be provided with the long-term service, support and advice needed to maintain their vehicles and / or other solutions delivered by BASTION HLS Ltd. Most of all, they look forward to the peace of mind that results from working with a firm that employs experienced army veterans and engineers with a determined, customer oriented attitude, has an established, unassailable track-record of timely deliveries in both the military and civilian sectors, and possesses a very large, and very satisfied customer base.
